PUBLIC WORKS COMMISSIONER TENDERED HIS RESIGNATION

City Council Put Through Considerable Business at the Regular Session Last Night.

In the absence of Mayor May who was engaged in connection with the annual session of the Grand Lodge of the L.O.O.F. of Alberta, Alderman Picard presided at the council meeting last night. In the absence of Mr. Kinnaird Mr. Collings acted as secretary.

Mr. J. A. Kenney on behalf of the Trades and Labor Council of Edmonton asked permission to use the exhibition park for the annual labor demonstration. The request was unanimously granted on condition that the Trades and Labor Council should be responsible for any damage done during the celebration.

Mr. Manuel of Manuel and Coriveau addressed the council and asked permission to construct a spur across McKenzie avenue to connect his property. Another application was submitted by Alderman Bellamy on behalf of the Bellamy Co. asking for permission to allow the C.N.R. to construct a spur across McKenzie avenue and along 100 feet of a lane to block 7 H.B.R. to reach the property lots 161 and 162. After considerable discussion it was decided to grant permission on the same terms and under the same restrictions as in the case of the A. McDonald Co.

The Aldermen then passed on to the consideration of the communications. The resignation of Commissioner Hargreaves was read and after an animated discussion was accepted or motion of Aldermen Calhoun and Mays. The resignation goes into effect at the end of the current month.

Alderman Bellamy in discussing the resignation said that the commissioner had performed his duties faithfully and well. He did not have the support and assistance that was due to him in the performance of his onerous duties. The city was up against a serious proposition to get the work on hand at the present time done.

Alderman Calhoun said that personally Commissioner Hargreaves was a gentleman in every sense of the term, but in his opinion was not a capable man for the position.

Alderman Bellamy said Alderman Calhoun was a new man in the council and a new man in the city. Those who had spent over two years in the city's service were more competent to judge and had greater right to express their opinions.

Alderman Picard, as chairman, at this point very judiciously intervened at this point.

Alderman Smith thought it was in the city's interest to retain Mr. Hargreaves until this year was expired at least. Mistakes were made by everyone. All knew he was honest, and his administration clean.

Alderman Mays said it was a painful duty for him to second the motion to accept the resignation, but he thought the commissioner was not capable and he could say he was always "honest and courteous in all his dealings."

Alderman Picard said that some of the council were making a great deal of the alleged fact that they had been elected on this platform, namely the dismissal of the commissioner. He said the dismissal of the commissioner was a mistake that was made by the council in refusing the commissioner's assistance. The particular mistake that was regarded as so unpardonable was the use of inferior sand in the cement walks last fall. In this connection the city council were equally culpable. No one could be secured now that was

familiar with the public works under construction and this would throw too much upon the engineer.

Alderman Griesbach said he had defended Mr. Hargreaves when this matter became acute last February. He took his position then that it would have been unwise then to displace with the services of the commissioner, yet he always thought Mr. Hargreaves was not a strength to the board of commissioners and that the board had practically been exhausted to one man. He supported the motion.

Alderman Letts said he came into the council in a stormy time, but had found out that Mr. Hargreaves was not so much to blame as the public alleged. The public were blindly against his retention in office. An investigation was necessary as really no impartial examination of the condition of affairs was ever given to this public. He supported the motion. The vote stood 4 to 3 in favor of the motion.

A communication from the board of trade re factory sites was filed. The Edmonton Iron Works on N. Main, asked the forbearance of the city, with respect to the moving of their foundry building off the street allowance. They asked for an interval of three months as this was their busy season and their heavy machinery was in daily use. The council asked the opinion of the engineer who informed them no serious inconvenience would arise if the request was granted. He thought a few blocks of the cement walks could be left until the building could be moved. The company were given an extension of time until next spring when they are required to effect the final repair of the sidewalk.

The report of S. G. McMeen, the engineer from Chicago who has been employed by the city to report on the telephone, was read and left with the commissioners. A supplementary report followed from the commissioner stating that in accordance with the recommendations of Mr. McMeen's report, breast transmitters have been ordered for the operators at the central office pending the installation of the new system.

A report of the commissioners recommending the salary of the Medical Health officer be raised from \$45 to \$75 was laid on the table.

The city will make a further purchase of 10,000 feet of water piping. Only one tender was received for the contract of grading McKay avenue, from First to Fourth street, and graded.

TENDERS WANTED.

Tenders will be received up to 6 p.m. on Saturday, August 11th, for building a second story on the Bulletin Office. The lowest or any tender not necessarily accepted. Plans and specifications may be seen at our office.

TRYING TO PREVENT CRIME

Police Looking For Party of Girls Supposed to be En Route From Chicago

(Special to the Bulletin)

Prince Albert, Aug. 7.—The ten young girls lured from Chicago, have not yet arrived. The Mounted Police have the matter in hand and are wiring to see if they can get any trace of the party on the C.N.R. or C.P.R. The police here think that the girls were dropped along the line. There is considerable interest locally and a large crowd waited the arrival of the Canadian Pacific Railway train at midnight. It is said that the young women got off the train along the route of the C.N.R., the last of the party leaving at Tisdale. It is believed they are being brought into Prince Albert in couples. Mounted and local police are on the alert. Friends of the girls in Chicago are frantically wiring the authorities, asserting that the girls think they are to be given work in farmers' homes as domestics.

NEW RECORD IN REAL ESTATE

Lot at Corner McDougall and Rice Street Sold for \$500 per Foot.—Large Block will be Erected.

Mr. K. A. McLeod sold today a lot 50x100 feet at the corner of McDougall and Rice streets to Messrs. Sam Smith and A. Driscoll for the sum of \$5,000. The purchasers will erect a large brick block on the lot.

The price, \$50 per foot is not only a new record for McDougall street, but is the highest price yet paid in the city for property off Jasper avenue.

WOMAN SENTENCED TO BE HANGED

(Special to the Bulletin)

Stockton, Cal., Aug. 7.—Mrs. Emma Lehou, convicted with the murder of Albert McVickar, whose body was found in a trunk at Stockton depot in March, was sentenced to be hanged at San Quentin prison on October 19. She received the sentence calmly. The woman, who lived as McVickar's wife, is charged with having several husbands. The evidence was strongly circumstantial.

WILL FUND THE DEBT

(Special to the Bulletin)

Chicago, Aug. 7.—The first detailed statement of the indebtedness of Zion City has been given out. The table showed a total of \$5,000,000 which it is proposed by Yolla to pay by funding the entire indebtedness for eighteen years, and to issue bonds bearing six per cent. The proposition was accepted by a unanimous vote of \$50 investors, there being but two dissenting voices.

TWELVE DEATHS FROM HEAT

(Special to the Bulletin)

New York, Aug. 7.—Twelve deaths and numerous prostrations marked the second day of intense heat here. At seven this morning a sharp thunderstorm with a deluge of rain swept over the city and was a boon to suffering thousands in the tenement districts. Hundreds of horses and dogs were killed by the heat and the health department was busy all day removing carcasses from the streets. A murder and suicide occurred which the police believe was caused by James Lupos becoming crazed with the heat. Lupos killed his wife with a revolver and then himself. Lupos was 35 and his wife a year younger. Neighbors said they knew of no reason for the act save that he suffered greatly from the heat.

CAR RAN AWAY

(Special to the Bulletin)

New York, Aug. 7.—Running wild in Madison avenue this afternoon a crowded surface car crashed into a loaded furniture van at 59th street, wrecked the van, demolished the front of the car and hurt twenty people, two probably fatally. Fifteen passengers were taken to the hospital suffering injuries more or less severe. The motorman lost control of the car at Eighty-fourth street and, with full power on, it dashed northward. Motorman Sullivan was crushed on the front platform, where he was working desperately to regain control of the brake and motor.

DIED FROM EATING SALMON

Members of Grand Trunk Pacific Survey Party Poisoned.—One Fatally.

(Special to the Bulletin)

Vermilion, Aug. 7.—The body of a young man named Herbert J. Smith, was brought to town this morning from Sandgrove's construction camp on the Grand Trunk Pacific Railway forty miles south east of here by Dr. McCallum and a party belonging to the staff of S. Harding, resident engineer. Sunday the men on the party had canned salmon for supper and soon after a number were taken violently ill. Smith died on Monday afternoon and the coroner's jury which sat on the case here today decided that his death was due to poisoning from the salmon. An analysis of some of the cans will be made.

The deceased was a man about twenty-eight years of age, the son of Rev. T. T. Smith of Ikky, Yorkshire, England. He served with distinction in one of the Colonial Mounted Corps during the South African war, gaining the rank of major. Three years ago he came to Canada and took up the study of medicine. He was employed for the summer on the engineer's staff.

Interment took place here this afternoon. The others of the party are believed to be out of danger.

CORINTHIANS COMING

(Special to the Bulletin)

Quebec, Aug. 8.—The Corinthians Association football team is expected to arrive here tomorrow, having sailed from Liverpool on August 2. The team includes some of the best association football players in England, including several internationals. They are scheduled to play Montreal on Saturday and on Monday will line up against Ottawa. Among the other teams they will play are: Toronto, Chicago, Philadelphia, New York and Boston.

PROGRESS ON THE G.T.P.

Winnipeg, Aug. 5.—I do not expect that the Grand Trunk Pacific can build its line to Edmonton much before the fall of 1907," said Chief Government Inspector Richard McCarthy today. He has charge of the supervising department in connection with the paying out of the British funds held in trust by the government.

About 40 per cent. of the miles of the first 27½ miles west of Portage la Prairie has been done," he said. "I expect about 100 miles further will be about all that can be done before the end of the fall. It is hard work, owing to the fact that the soil is heavy, but one does not present no great engineering difficulties to my mind."

Within 85 miles of Portage there are three large trestles. One of them over Pine Creek is 2,200 feet long and 70 feet in height. It is an extraordinarily high trestle, and the same may be said of Male Creek, which has a trestle 800 feet long. There is also a long trestle over the little Saskatchewan River. In fact, there are trestles all along the line between here and Saskatoon.

"I drove from Portage to Saskatoon with Collingwood Schriber, chief construction engineer for the western division of the road. It took eleven days and we covered about 400 miles. The country is very good. I was talking to some of the farmers along the way about wheat crops. They say it will not be as heavy as last year owing to the rains. It will be harvested about two weeks earlier than usual. The bankers of Saskatoon are a class of men noted for their conservatism, and said that the crop in their country would not average over 26 bushels an acre."

THE CZAR MAY RESIGN

Refuses to Consider Program of Conciliation Toward Revolutionists

(Special to the Bulletin)

St. Petersburg, Aug. 8.—The abdication of the Czar may be the next epochal event in the Russian situation. Premier Stolypin visited the Czar yesterday to present a program of Imperial measures likely to satisfy the revolutionists. The Czar with violence brushed Stolypin's program aside. In a fit of uncontrollable passion the Emperor opposed the measures of reform presented, bitterly denounced any proposal that partook of the nature of a concession to the revolutionaries, declaring he would resign the throne and confer the regency upon the Grand Duke Vladimir and Nicholasievitch if he could not have his way. The date for the new general strike of railway men now is set for Sunday. As far as the strike situation is concerned the government continues gradually to get the upper hand and while there have been numerous outbreaks in no case have they been serious.

Helingsfors, Aug. 7.—Captured Finnish revolutionists who were seized during the uprising have been turned over to Finnish authorities and will be tried by Finnish law, and punished by imprisonment. The shooting of men condemned for participating in the mutiny at Sveaborg fortress continues.

BRANDON'S RAILWAY TROUBLE

(Special to the Bulletin)

Brandon, Aug. 8.—The city council at their regular meeting last night threshed out until 1 o'clock this morning the different concessions asked for by Brandon, Saskatchewan, and Hudson Bay Railway. The matter now is exactly in the same position as was before, and the railway is no nearer getting the requests formerly granted by the council than ever. The council drove the Canadian Northern from this city by demanding that they should build suburbs and overhead bridges at street crossings, at the will of the council and now in the face of an unanimous expression by the ratepayers in favor of granting all their requests the aldermen are balking every request made by the railway, and unless the ratepayers take matters into their own hands, and force their representatives to vote as requested by those who elected them to office, the Great Northern will also give Brandon the go by.

GRAIN PRICES.

(Special to the Bulletin)

Winnipeg, Aug. 8.—No. 1 northern, 75 1/2; No. 2, 72 1/2; No. 3, 68; No. 2 white oats, 30; No. 3 barley, 40; No. 1 flax, 102.

DOCKHOUSERS WILL BE EMPLOYED.

(Special to the Bulletin)

Winnipeg, Aug. 8.—Mr. Pontapoff an official in the Dockhouser community has a big sub-contract from the McDonald-McMillan Co. for constructing the St. Lazare section of the G.T.P. line. He is engaging hundreds of Dockhousers. Pontapoff is an experienced railway builder from Russia.

PRINCE ALBERT TAXES.

(Special to the Bulletin)

Prince Albert, Aug. 8.—The city council struck the rate for the ensuing year at 17 mills on the dollar on a total assessment of \$2,028,000. This rate is one mill higher than last year, and takes this amount off the waterworks debentures for the year. In compiling the assessment this year throughout the city the rating of property was about doubled.

BALL SCORES.

Winnipeg, Aug. 8.—Boughton 8, Winnipeg 2; Duluth 7, Fargo 0; Calumet 4, Lake Linden 1.

PRESBYTERIAN MINISTER DROWNED AT MANNVILLE

DELEGATES IN CONFERENCE

Splendid Progress of I. O. O. F. in the Western Provinces.

The afternoon session of Grand Lodge of the Independent Order of Oddfellows convened yesterday at two o'clock, Grand Master Corner in the chair. Before adjournment the standing committees of the session were named.

Several telegrams of congratulation were received. Sandstone City lodge of Calgary, the second lodge of that city sent greetings.

At the session in spite of the intense heat the representatives transacted a considerable amount of business and got the work well under way to adjourn at noon today. It was resolved that the first order of business this morning should be the election of Grand Lodge officers.

The committee on by-laws presented their report which showed the by-laws and amendments submitted for approval at the session. All these were reported on favorably with the exception of Sec. 33 in the by-laws of Waskasoo lodge, No. 16, Red Deer, which called for the assessment of \$1 in lieu of a member's attendance at the bedside of a sick brother which was referred to the Grand Lodge for consideration.

Representative Mitchell of Calgary addressed the lodge on this clause and stated the objections; that no such by-law was common in the subordinate constitutions and that it would not be advisable to authorize such an enactment since it would relieve the members from fraternal duties by the contribution of an inadequate sum of money. On motion of Representatives, Mitchell and Fairley this section of the Waskasoo by-law was not approved by the Grand Lodge.

A. E. May, deputy grand master, announced that this evening a camp of the Patriarchal order would be instituted in this city. District Deputy Grand Sire H. B. Rose of Winnipeg, would institute the camp and he would be assisted by Calgary brethren and others.

Past Grand Representative Rose was then called upon by the Grand Master for an address. He spoke of how proud he was to be in attendance at the second annual session of the Grand Lodge of Alberta. He had

Took Cram While Bathing In a Lake Near Town and Sank.—Was a Student from Knox College.

Mannville, Aug. 7.—Rev. McQueen Presbyterian minister here, was drowned this afternoon while swimming in a lake near the town. Deceased was a student from Knox College Toronto.

Vermilion, Aug. 7.—A drowning fatality is reported here this evening, the victim being J. A. McQueen, Presbyterian missionary at Mannville, 20 miles west of Vermilion. Mr. McQueen was a student of Toronto university. He and a companion were swimming in a lake near the town when he was seized with cramps and sank. The body was recovered shortly afterwards. The parents of the unfortunate young man reside at Brucefield, Ont. He was only about 22 years of age. He came to Mannville about three months ago. He was highly thought of, and his untimely death has cast a gloom over the community.

Public Works Commissioner Tendered His Resignation.

(Continued from Page One)

ing, boulevarding and graveling Third street from Jasper to Hardisty avenue. D. Dickson's tender was \$4,170 not including curbing and seeding. The city engineer's check tender was \$4,550 including curbing and seeding. D. Recker's tender was accepted.

A report was read from the engineer re water connections and grading on Thirteenth street. He recommended that no water connections be made until sewers are built.

The monthly report of the chief of the fire brigade was read and left in the hands of the commissioner.

A petition for a sidewalk on Rowland street from Syndicate to River street was granted and another from Syndicate to Kinsling on Boyle street.

Mr. Collings was authorized to sign checks during the absence of the treasurer.

The accounts amounting to nearly \$17,000 were passed.

Delegates in Conference.

(Continued from Page One)

been present 23 years ago when the Manitoba Grand Lodge was instituted at Portage la Prairie with 7 lodges and only 73 Past Grand. Rep. Rose compared this with the conditions in

Alberta today when there were nearly fifty Past Grand in attendance at the Grand Lodge. There was surely no mistake in instituting the Grand Lodge of Alberta. He brought with him the best wishes of the many subordinates in Manitoba for the success of the order in this province. Many Oddfellows who were anxious to be here from Winnipeg regretted their inability to be present owing to the approaching session of the Sovereign Grand Lodge in Toronto, which would claim their attendance. Oddfellowship, said the District Deputy Grand Sire, had been making great strides in Manitoba and Saskatchewan and there was every prospect of the year being an advance for the order. Since January 1st, 17 subordinate lodges and an encampment had been instituted in Manitoba and Saskatchewan. When Alberta and Saskatchewan separated from Manitoba that jurisdiction lost 1,100 members by withdrawal but that number had been regained with 55 over.

The gain in the two provinces will be over 2,000 this year. Winnipeg lodges gained 3,000 during the past year, one lodge gaining 120. The opportunities there were in the west, said Mr. Rose, should stimulate all Oddfellows for the elevation of mankind and the greater success of the best fraternal order ever designed by man. Let us act, he said, and not talk only. All here have a work to perform. Let this be the brightest, happiest and best year in the history of the Order. There is nothing that cheers a brother as the warm grasp of a brother's hand and the "sm" encouragement given him in life.

Manitoba is glad to know that Alberta has adopted the constitution of that Grand Lodge. It is a worthy tribute for it was compiled by good and the Alberta Grand Lodge, said Rep. Rose, were aided by their experience. In conclusion the District Deputy Grand Sire thanked the members for their hearing and hoped that they would all be privileged to attend future sessions of the Grand Lodge and aid in promoting the advancement of this the best fraternal association on the American continent.

Grand Master Comer in complimentary terms referred to the edifying address of the Winnipeg visitor. Bro. Chas. A. Johnson, of the Grand Lodge of Idaho also spoke and expressed his pleasure at meeting so many of the Fraternity, especially on an occasion of this kind. Bro. Johnson, who is of Swedish birth and descent, said that he was proud to be an Oddfellow. He thought that while all men were not perfect all Oddfellows should strive to be so. He said the Order and to live up to its high principles. He was glad to hear of the growth of the Order in the West but increasing membership was not all that was required; care should be taken in bringing into the Order the best quality.

Rep. H. D. Mills, of Wetaskiwin, urged that all the members should unite in promoting temperance among the brethren.

Bro. Shippin of High River stated that the lodge there was instituted on April 24 and now has 63 members with every prospect of a new lodge being formed a few miles east of the town.

Rep. Oliver of Lethbridge also spoke briefly of the splendid progress of the order in the south.

In order that the committees might meet and prepare their reports it was agreed that the session adjourn to meet this morning at 9:30.

The Grand Lodge concluded its sessions at noon today. The meeting will be held next year in Lethbridge, opening on the first Tuesday in August.

The Grand Lodge of Alberta I.O.O.F. elected the following grand officers for the coming year at the morning session today:

Grand Master A. E. May, Friendship lodge, No. 7, Edmonton, by acclamation; deputy grand master, E. Foster Brown, Mountain View lodge, No. 4, Macleod, by acclamation; grand warden, Alberta lodge No. 3, Calgary; grand secretary, O. E. Tisdale, Alberta lodge No. 3, by acclamation; grand treasurer, V. C. French, lodge No. 8, Wetaskiwin.

After the above officers were installed, Grand Master May announced the following appointments:

G. Marshall—W. G. Shera.
G. Condac—D. J. Collier, R.D.
G. Chap—R. Fairley, Ponoka.
G. Guardian—J. Shipman, H.R.
G. Herald—J. D. Bower.

A contest ensued for the election of Grand Warden. The two candidates for the position were W. M. Oliver of Lodge No. 2, Lethbridge, and J. W. Mitchell of Alberta lodge No. 3, Calgary. Mr. Mitchell was elected. This is a well merited recognition of Mr. Mitchell's work in instituting the grand lodge at Calgary last year.

The session will conclude this afternoon. In the evening a camp of the Encampment branch of the order will be instituted by a degree team from Calgary Encampment. About fifty new members will receive the patriarchal degree.

Over one hundred and fifty members of the order crowded the lodge room of the Friendship lodge in the Norwood block last night. Noble Grand John I. Miller presided. After routine work the initiatory degree was conferred upon a candidate by the degrees team under the captaincy of Thos. Mays, Past Grand. The work was excellently done and elicited hearty appreciation from the visitors.

Grand Master Comer then addressed the brethren and complimented them and was sure the lodge would increase with the growth and prosperity of the city. He thanked the local mem-

bers and the citizens generally for their kind reception and declared that the future had splendid things in store for the order.

District Deputy Grand Sire, H. B. Rose, of Winnipeg and special representative of the I.O.O.F. relief association which is an assurance of the order's success in the future. He explained the work since its inception in 1874. The reserves had crept up to nearly half a million affording ample protection to all beneficiaries. He explained the increase in rates which was necessary to perpetuate the reserve fund and assure its efficiency. All claims had been promptly met and a great work was being done.

The following visitors who are in the city facilitated their brethren in last night's proceedings:

R. B. Percival, Arthur, Ont.; J. P. Welr, Trenton, Ont.; Wm. Wilson, Sault Ste. Marie; J. Hanter, Palmerston; G. C. Harvey, Greenwood, B.C.; W. H. Kennedy, Port Elgin, Ont.; Wm. N. Tape, Dresden, Ont.; J. F. Mullen, Toronto; J. A. Dalton, Chatham; T. Bell, Huntington, Que.

About 11 o'clock the members went to the Prince Arthur Cafe where the delegates were banqueted by Friendship lodge. One hundred and twenty-five sat down. John I. Miller presided. On his right was grand Master Comer at Grand Sire H. B. Rose sat on the left. An excellent menu was provided by the cafe management. Jackson Hanby and Sydney W. Morris rendered several songs that were enthusiastically received.

Irving orchestra with Gervase R. Phillips as pianist furnished the music. The function concluded at 3 o'clock.

PROPERTY FOR SALE

City News**LOCAL.**

—Wetaskiwin trimmed the Antares last night.
 In the football finals last night Strathcona and Edmonton tied at 3 to 3.

—Edmonton won the baseball match last night in Red Deer.

—The Misses Jacksons of Winnipeg came in on the C.N.R. yesterday to visit their brother, A. E. Jackson, Jasper avens.

—McGinnis and Lyons are enlarging the factory on Jasper avenue east, and when finished the building will be 70x80.

—Revelon Bros. have begun excavating for a new 3-story block facing on Second street.

—Rev. A. S. Tuttle, B.A., who conducted the opening ceremonies of the Manville Methodist church on Sunday arrived home last night.

—No rain has fallen west of Fort William during the last twenty-four hours.

—Mr. and Mrs. Jackson, arrived home last night from their trip to the Winnipeg fair.

—Yesterday was the warmest day of the summer the mercury at the meteorological station reaching 90.

—The Braemar Social Circle held their usual dance Thursday evening in Hounston's hall.

—The police department turned into the city treasury \$165 in licenses and fines in July; license \$247, fines \$28. This an exclusive of what was turned over to the province.

—The partnership hitherto existing between Harry T. Finch and John A. Norton, of the Pandemonia Hotel, has been dissolved and Mr. Finch will take over the business.

—Mr. D. C. McDougall, postmaster, Pincher Creek, was a caller at the Bulletin today. He reports crops in the Pincher Creek district are better than any he saw on his trip, until he came back Edmonton.

—Messrs. Clarence F. Smith, general manager of the Jas. McCredie Co., and Arthur Congdon, vice president and western manager of the company, are expected to arrive in Edmonton tonight via C.N.R. and will spend a few days in the city.

—Four new teachers will be added to the staff of Alberta College in the musical department alone, one taking up the work of kindergarten music.

—Mr. Percy S. Hook has been spending the summer at the Northwestern School of music, Chicago, studying under Dr. Laikin. He will return in time to resume his classes at the opening on September 1st.

—The regular meeting of the Northern Alberta Medical Association was held in the city hall on Thursday, 2nd inst., when the following officers were elected for the ensuing term of six months:

Hon. President—Dr. Braithwaite.
 President—Dr. Whitelaw.
 1st Vice-president—Dr. Green.
 2nd Vice-president—Dr. Harwood.
 Sec'y-Treas.—Dr. Dunn.
 Committee—Drs. W. D. Smith, Ter-nan and May.

—A party of ranchers, including G. W. Coleman, Greeley, Colorado; A. Alson, with wife and two children; Joseph Olson, Bozeman, Montana; Hugh Ross, David Ross and wife; W. J. Taylor with wife and child, intend starting today for the Peace river country. Some of the party came overland from Colorado and are bound to get beyond the tide of immigration into the north country to pasture their herds and flocks undisturbed. They have laid in sufficient supplies to do them until next spring.

SOCIAL AND PERSONAL

Dr. J. A. Tierney, of St. Albert, is spending the week at Banff.

Ald. R. J. Stewart and Mrs. Stewart, of Calgary are at the Alberta.

Geo. Smith, M.P.P., Woodstock, Ont., is at the Pandemonia.

Pdr. John Collison, and Mrs. Collison of Red Deer, are staying at the Pandemonia.

A. A. McIntyre, formerly a dentist here and lately from Palmdale, Cal., is a visitor in the city, and a guest at the Pandemonia.

Mr. John A. Stewart, Red Deer, left last night via the C.N.R. for St. Thomas and points east. Mrs. Stewart and daughter are visiting the former's mother, Mrs. Ballah, city.

Miss Frestone, of Los Angeles, and niece of Sir James Frestone, Frestone Towers, England, is visiting her sister, Mrs. Morrow, Eighth street.

Miss Lina Scott spent a few days with Mrs. Cushing last week, while on her way to Qu'Appelle to visit her mother.

J. Turnbull, general manager of the Bank of Hamilton, and H. A. Aylwin, inspector of the same institution, were visitors in the city yesterday.

EXCURSION TO THE EAST.

The Canadian Pacific Railway announce an excursion rate of single fare plus \$2.00 for the round trip to Vancouver and Victoria on and after August 15 to 18 inclusive. Tickets will have a going transit limit of twenty days, final limit sixty days, stop-overs to be allowed within going and returning limits.

AN OLD TIMER GONE.

Kenneth McDonald one of the old timers of Edmonton, died on Monday at his residence on Jasper avenue. Mr. McDonald was one of the best known men in the district. He was the first man to erect a building on the present site of the city outside of those included in the Hudson's Bay post. As early as 1861 Mr. McDonald occupied the homestead which is now known as River Road 28 in this city.

Mr. McDonald was born twenty-eight years ago at Stornoway, Island of Lewis, Scotland. At the age of nineteen he entered the service of the Hudson's Bay Company and came to Canada, landing at Moose factory. From there he travelled to Fort Pitt, where he spent the greater part of the time while in the Company's service. He remained with the Company thirty-three years and since severing his connection with them, has lived at his residence continuously.

Mr. McDonald has a sister who formerly lived at Ripley, Ontario, but now resides at Wilkesport.

Mr. McDonald was married fifty-one years ago to Miss Emma Rowland, of Winnipeg. His family all survive him. He had two sons, Alexander, who lives in the city, and William who lives at Turnip Lake, a few miles north. His daughter is Mrs. John Edmonton, of Stony Creek; Mrs. A. E. Patten, of White Lake; Mrs. W. Blythe, of Vegreville; Mrs. D. McLean and Mrs. D. R. Stewart, of this city.

All the family are in the city for the funeral and will remain until after Sunday when a memorial service will be held by Dr. McQueen.

The funeral which took place today was attended by a large number of the leading citizens of Edmonton, anxious to pay the last honor to a friend and pioneer. The pall-bearers were Malcolm Groat, W. West, C. Suter, G. P. Sanderson, M. McCauley, and J. B. Little.

DUNCAN MARSHALL,
Manager.

WEDNESDAY, AUGUST 8, 1906.

GET THEM TOGETHER.

Messrs. McKenzie & Mann of the C.N.R. and General Manager Morse of the G.T.P. are to confer in Winnipeg this week regarding their joint terminals in that city.

The city authorities might well endeavor to secure a similar conference in Edmonton regarding the erection of a union station here. Messrs. McKenzie & Mann will be in Edmonton in the course of a few days, while Mr. Morse's business, it is understood, will make him a frequent visitor to this city during the summer. A conference during the present visit of the C.N.R. officials is probably impossible but arrangements might be made during the visit to get the railway men together here later in the summer. Proposals for any such conference should contemplate, of course, the co-operation of the C.P.R. as well as the city's endeavor should be to get all railways entering the city to use the union station.

Both Mr. Mann and Mr. Morse have expressed a favorable disposition toward the proposal. But there is a considerable difference between a favorable disposition and a definite bargain and a movement would be opportune to get this satisfactory attitude resolved into something more of the nature of a tangible project. This could probably best be done by a conference at which the companies and the city were represented and an effort to secure such conference could very well be made while Messrs. McKenzie & Mann are in the city.

The time has come when the city should make some definite move toward securing a union station. That the city desires such terminal arrangement there can be no reasonable doubt and the advantages to the city are quite sufficient to warrant early and effective action to realize this desire. It is true that the advantages are not all on the side of the city and that the companies should be found ready to recognize the advantages of such arrangement to themselves. But it should not be taken for granted that these advantages appear to the companies sufficiently great to lead them to undertake the project voluntarily. Railways like many other enterprises are run for the purpose of making money and the probable effect on freight and passenger traffic is the viewpoint from which the railway companies regard a proposal of this nature. Under the circumstances the outlook from this point of view should incline the companies to regard the project with favor but it would be a mistake on the part of the city to conclude that such is necessarily the case. Railways have built individual terminals elsewhere in preference to joint terminals and in doing so have been guided by the trade prospects rather than the present investment. This fact should be recognized and an

effort made to find out how the companies view the prospects here.

Mr. Morse said a few days since that the question of a union station is a question of the future. Doubtless, but not so far in the future as may be supposed. The C.N.R. is completed and their terminals established, while next year should see the C.P.R. and probably the G.T.P. also running trains into the city. The new comers will have their station plans prepared before their lines are completed and it will be much easier to pre-arrange plans for a union station than to persuade them to abandon established terminals in favor of a union depot. By arranging plans for a union station before hand the companies can effect an economy; to abandon established terminals would mean a sacrifice—a sacrifice for which the companies would doubtless require restitution. In pre-arranging for a union station the companies cannot dispute that they would be largely benefactors; in moving after separate terminals had been established the city would be represented as the sole benefactor, the companies as the losers and the city would doubtless be asked both to pay for the accommodation they desired and to make good the companies' sacrifice in granting such accommodation.

PARENTS TRIED TO MURDER CHILD
St. Thomas, Ont., Aug. 3.—Newton R. Stonehouse is locked up in the Elgin county jail and his wife Mrs. Cora Stonehouse, is under arrest in the detention ward of the Amasa Wood hospital, charged with the most heinous and disgusting attempt at child murder in the history of the city. The couple who were married two months ago, lived with the husband's father, Edward C. Stonehouse, 26 Barnes street.

The facts of the case are that about 7:45 a.m. E. C. Stonehouse called at the residence of Crown Attorney McCrimmon and reported that there was a dead baby in the outhouse of his place. It was found that a plank on the platform of the outhouse had been torn up and the new born babe placed under it. Constable Maylan was the first to arrive and finding that the child was alive pulled it out. Dr. Stenton was sent for and attended to the babe, a healthy girl a few hours old, and placed her in the care of Miss Nolan, a trained nurse. Dr. Curtis was called in connection with Dr. Stenton, and it was found that Mrs. Stonehouse had recently become a mother, and she was placed under arrest by Chief Armstrong, and removed to the detention ward in the Amasa Wood hospital, her husband being arrested and taken to the police station and remained to jail by Police Magistrate Glen till August 9th. If the babe should die the charge will be changed to that of murder.

FRANCE ALARMED AT UNITED STATES

Paris, Aug. 4.—La Liberté to-night under the caption "Victims of the Monroe Doctrine," prints a long Root and the Pan-American congress, a vigorous article on Secretary of State. All this time says La Liberté, Root is preparing, if he has not already made it effective, a most respectable operation of political economies of which the French will be dupes and with them all other Latin people who are imitating them and trying to be Parisians.

The result of fifteen years' intrigue in Panama is likely to be effective soon. Europe already has been expelled from North America. It will be expelled from South America in less than six years unless there be energetic resistance immediately. Referring to the recent intervention of the United States in Central America, La Liberté says it is understood that President Roosevelt himself devised the "coup de main de mer," which consisted in detaining representatives of Salvador, Guatemala and Honduras at sea on board a rolling vessel until their signatures to a satisfactory agreement were obtained. This method the paper adds is too new to be suggested to the Pan-American congress, which Roosevelt doubtless deplors as even Root's eloquence is less effective than this imperialistic piling, although by a gentler method Root's aim is the same—to detach south as well as Central America from Europe. For six weeks this envoy has been

The Manchester House

(ESTABLISHED 1886)

The Question of Children's Shoes

Is an extremely important one, as so many mothers know. It is sometimes very hard to get a shoe that will fit a child's foot properly, and often requires a large stock to choose from. We make a specialty of Children's Shoes, and as we carry a large stock we are usually able to find a shoe that will please our juvenile customers.

INFANTS' SOFT SOLE SHOES

In tan or black, 45c per pair, colors and white, 55c and 75c pair.

CHILDREN'S SLIPPERS

We carry a good range of children's slippers; all sizes, and several different prices.

CHILDREN'S PATENT TIES

For dress wear, a very dainty patent tie; sizes 11 to 2, per pair.

SHOE DRESSING

We carry only the best liquid and paste dressings, in all colors for black, gun-metal, tan, brown or white shoes, and will promise you that any dressing you buy here cannot possibly injure the finest shoe.

MISSIE'S SPRING HEEL SHOES

We show a special line of Missie's spring heel shoes, sizes 2 1/2 to 5, fine Dongola, with patent tip, \$2.50 and \$1.00 per pair.

INFANTS' MOCCASINS

Infants fancy soft sole moccasins, in colors, 25c and 40c a pair.

CHILDREN'S HAREFOOT SANDALS

In an extra good make, all sizes, 5 to 10-12.

BOYS' LACROSSE SHOES

In a range of sizes 6 to 10, 11 to 13 and 1 to 5.

CHILDREN'S SCHOOL SHOES

We carry a line of Children's Shoes, made especially strong to stand hard, every-day wear.

KANT SLIP SOLES

A large number of our Children's Shoes in the smaller sizes are made with a special sole that will not slip. This is a great advantage and costs no more than the shoe made with an ordinary sole.

YOUR INSPECTION

Of our shoe stock is invited at any time convenient to you.

working with the foreseen result, which enabled the diplomatic humbug to declare himself at Rio de Janeiro as merely an amateur, disinterested tourist under guise of diplomatic formula.

Continuing the paper says a few facts today are startlingly clear, among them that Europe has no right to defend its financial and commercial interests in South America. The United States in effect says each nation is master of its own house, with the United States at home everywhere.

Against 73,000,000 Latin people stood Secretary Root, and to that Yankee intruder went favors and benefits because he alone spoke, flattered, menaced. He alone acted, while Latin Europe abstained. Already distant lands have slipped into Yankee hands. At Constantinople, St. Petersburg, Tokio, Algiers, the tam Root intervened at his convenience, and Europe stupidly suspected his Monroe doctrine. Before the conclusion of the third Pan-American congress it will have cost the Latin peoples a continent they people and fin-anced.

YOUNG KUPOPATKIN IN HARD LUCK

Vancouver, Aug. 5.—One of the most distinguished gentlemen of the employ of the city has severed his connection and left for Seattle. He was none other than a son of the Russian General, Kurapatkin, and himself an ex-captain in the Russian army. He was here under an assumed name, having made his way here from Vladivostok. He was broke when he got here, and finding nothing else to do went to work on the streets under an assumed name. He had a companion whose identity has not yet been learned. A young Russian, who is employed in a local iron works was passing along the street the other day when he heard two men conversing in Russian. Glad of the rare opportunity of a conversation in his native tongue, he young man approached and as he did so he heard one of the men bewailing his hard fate and looking at his hands, blistered and raw from unaccustomed labor, say that it was hard for a Russian naval officer and son of General Kurapatkin to come down to peasant duty. The young man took an interest in the two exiles and through friends got them to Seattle where there is a society for such themselves who will assist them to get employment better fitted to their mental and muscular capacities.

COWES REGATTA.

(Special to the Bulletin.)

Cowes Isle of Wight, Aug. 7.—With

THE PROVINCE OF SASKATCHEWAN.

DEPARTMENT OF PUBLIC WORKS

Tenders For The Sub-Structure

Of Traffic Bridge at Battleford.

SEALED TENDERS addressed to "The Deputy Commissioner of Public Works, Regina, Sask.," and endorsed "Tenders for Battleford Bridge" will be received up to 4:30 p.m. Monday, August 13th 1906, for the supply of all material and the construction of eight (8) concrete piers and two (2) abutments for a traffic bridge over the Saskatchewan River at Battleford. About 5,000 cubic yards of concrete will be required in the work. A certified cheque for the sum of \$4,000 must accompany each tender. The cheque will be retained until the necessary contract and bond are executed and the work commenced. The cheques of unsuccessful bidders will be returned after the contract is signed.

The right is reserved to reject any or all bids or waive any defects. Plans, specifications and all information may be obtained on application to the undersigned.

Dated at Regina, Sask., June 29, 1906.

WATCH US GROW!

The census returns made public a few days ago gave a good idea of the growth of this city during the past half-decade. From

... 2626 in 1901 to 11,534 in 1906 ...

is a record of which we have no reason to be ashamed. Here's another indication just as reliable and it tells the same tale. Previous to 1905 no record was kept of the amount of building being done in the city. Last year and this year permits have had to be taken out and while these may not show all the building being done they show enough to be a fair gauge of the progress of the city. In 1905 the building permits totaled \$718,000.00.

UP TO AUG. 3, THIS YEAR building permits had reached the grand total of \$1,035,675, with a strong possibility that this will reach the \$2,000,000 mark before December 31st. Show us a city on the American continent with a population of 11,500, with such a building record.

SHARE IN THE GROWTH.

What does this mean to the man who has a smaller or larger amount of money to invest? If it means anything it means that the increase in value has not at all ceased, but that there is every probability that values will increase just as rapidly for some time as they have done in the past. The man who invests now invests in a sure thing and cannot fail to reap a rich reward. The City is growing West rapidly—prices are steadily increasing in that direction—buying there is absolutely safe. Undoubtedly the very finest suburban property in the West is

.....WESTMOUNT.....

which lies between the West End City Park and the city. Large Lots, on beautiful rising ground, 20 foot lanes, right alongside the city boundary, on the St. Albert trail. Prices from \$100 up; one-third cash, balance in one and two years. We will draw you out—say when.

Western News

Warman Leader: The Canadian Pacific has settled up for all damage done to Norris & Rowe's circus in the recent wreck five miles north of Saskatoon. In an interview Mr. Thomas Norris said: "The Canadian Pacific Railway owed us right in the matter. The loss in that accident was five sea lions, several monkeys, snakes, five wagons, a buggy, a car, and a day's business at Prince Albert. The last mentioned is all we have to stand for, however." All the wreckage now belongs to the railway company.

According to the Red Deer Advocate the Canadian Pacific will expend \$20,000 in developments in that town this year.

Independent Settler: An example of what may be accomplished by hard work and experience, Mr. Dunnigan, who came from Eureka, California, landing here on April 1, and has now 148 acres broken and ready to crop. Mr. Dunnigan did not start ploughing until May 24. In April he bought a section at \$10 per acre in the Red Willow district and could now sell easily at \$20 per acre.

Vermilion Signal: A rate of ten mills on the dollar was struck by the owners and his advisory board at the meeting on Monday night. This is on a total assessment of \$66,000 on the frontage or single tax system, the land alone being valued and no account is taken of buildings or other improvements thereon. The rate is low, but it is thought sufficient for present purposes, as the town will be incorporated shortly and can then authorize such expenditures as it sees fit.

Settler Independent: Settlers are rapidly coming in from the States and other points, and departing almost as suddenly with new wagons loaded with implements and effects. All are anxious to get to their homesteads as soon as they can and get as much breaking done as possible.

Settler Independent: From time to time travelling men drop in on all western towns with some scheme, clean up a wad of bills, and depart, leaving unsuspecting business men and others taken in with their plausible tales, and are not infrequently caught in cases where the particular line of business is represented in town, the townspeople represented in town, the townspeople should be loyal to their town and support those who by their residence, are helping to build up the town.

High River Times: This western land certainly produces western men, and a very good sort of men. Particularly is this the case as you approach the foothills. They have a humor all their own and a goodish sort of fun too. These men are big, broad and energetic. Why, I cannot say, unless it is the mountains," remarked a gentleman from the east, the other day.

Medicine Hat News: There is a report current in Eastern Canada to the effect that the Canadian Pacific will build a branch from Hallsbury through the Cobalt district to compete with the Temiskaming and Northern. The C. P. R. is doubtless backward in the venture owing to its experience with mining districts in British Columbia where several lines were built which are only just beginning to pay expenses.

Messrs. Foley Bros., Larson & Co., have five hundred teams at work on the section of the G. T. P. from Indian Head to Saskatoon, Sask., and more will be put to work during the next few days. They also have eight hundred men.

Pioneer, Magrath: Cutting has commenced in the large field of John Silver just this side of Lethbridge. There are five binders at work there now and Mr. Silver says that he will have at least fifteen by the first of next week. He has an excellent crop and the yield promises to be away up.

Pioneer, Magrath: There will be a special train every week from Lethbridge to Magrath, bearing land buyers and settlers for the land already sold. The country is going to fill up rapidly from now on.

Over 125 miles of the Lake Superior section of the Grand Trunk Pacific has been graded and is ready for the laying of rails. At Portage La Prairie the first Grand Trunk Pacific rails have already been laid and there is every indication that a portion of the road will be in operation this fall.

The Lethbridge Coal Mines Co., of

Lethbridge, will spend \$75,000 this summer in improvement of their property.

The Robbins Irrigation Co., has been formed at Ottawa, Ont., for the purpose of irrigating 300,000 acres of land around Medicine Hat, Alta. The company will build a number of canals at a cost of \$1,500,000.

Vermilion Signal: As is generally known, the fourth meridian, which forms the boundary line between Alberta and Saskatchewan, traverses the main business street of Lloydminster, throwing a portion of the town into either province. They have had a village organization there for some time, but the majority of the inhabitants are resident at present in Saskatchewan, and now these living over the line are petitioning for the formation of a separate Albertan village.

A gang of Canadian Pacific Railway surveyors are now at work on an extension from Lacombe to Hanley, Sask., on the Prince Albert branch. Construction work will probably be started this fall.

A trainload of sixty cars filled with tools for the Grand Trunk Pacific passed through Winnipeg last week en route to Portage la Prairie. The tools are mostly for track laying purposes which will be commenced during the next few weeks.

Regina Standard: Shippers in the Regina district and in all districts throughout the province, anticipate that with the movement of this year's wheat crop, there will be a tie-up in transportation facilities at least as serious as that experienced last year. Rolling stock is expected to be again short, and with the enormous wheat yield that is promised great difficulty in hauling out is expected.

The reason for this is simply that the trade of the west has grown so fast that the railways along with other business firms in the west have proved quite unable to meet the demands. Goods shipped in have come in trainloads, where they formerly came in single cars, and the result has been that the energies of the railway have been taxed to their utmost. The inevitable result of such condition of affairs is the depletion of rolling stock and the cars which now have to haul the wheat out of the country are not of the best.

Canadian Pacific land sales for the month just closed make a remarkable record as compared with the same month in previous years. Total sales were \$67,937 acres, and these realized \$2,867,518, or an average of \$1.72 per acre. Sales during July, 1905, amounted to no more than 34,477 acres, realizing \$304,795, or an average price of \$2.1. The comparative lowness of the average price for the past month is due to the magnitude of several of the transactions. It is stated that there is more bona fide settlement in the northwest this year, and particularly in Saskatchewan, than in any previous year of its history.

KILLED WIFE AND DAUGHTER.

Why everybody likes Abbey's Salt.

It is so pleasant to the taste that even children take it with pleasure. It does not "cake" or flake on top of the water.

It effervesces slowly—may be drunk leisurely, without choking or blinding the user like sciditz powders.

The granules all dissolve—thus the full benefit of the salt is obtained with every dose.

It is the ideal laxative and tonic to purify the blood—regulate stomach, liver, kidneys and bowels—and build up the system.

THE BEEF SITUATION

Calgary Herald: The Herald recently interviewed Mr. Chas. Knight on the subject of the beef investigation which will be undertaken in a short time by the Government of the three western provinces. Mr. Knight is thoroughly conversant with the shipping conditions in this province and has very strong convictions as to the relative value of the packing and the shipping facilities offered by the west. He is emphatically in favor of live stock shipment. Last year, he states he made a thorough investigation, and was compelled to the conclusion that the packing industry was not possible in Alberta.

In the first place he says there are not sufficient cattle in the province to meet the demands of a large packing industry. In support of a large pack the exports of cattle from Saskatchewan and Alberta during the past two years. In 1904 the number of export cattle shipped from the two provinces was 34,000. The butchers' cattle shipped were 25,000. These were distributed as follows:
Cochrane, 1000.
Calgary, 1300.
Strathmore, 700.
Gleichen, 1400.
Brooks, 1100.
Suffield, 2000.
Dunmore Junction, 2500.
Walsh, 1200.
Maple Creek, 2500.
Waldreid, 1500.
Moose Jaw, 500.
Grassie Lake, 450.
Woodpecker, 500.
Lethbridge, 4000.
Pierce, 2000.
Macleod, 1050.
Pegam, 3500.
Pincher, 1500.
Claresholm, 4000.
Cayley, 6000.
From C. and E. Line, 5000.

In 1905 the total exports of live stock were 49,991, distributed almost in the same proportion. Thus Mr. Knight calculates there are about 50,000 head of cattle shipped out of the province during the course of 12 months. The quantity does not justify a large packing industry.

Mr. Knight is convinced moreover that Canadian shippers of dead meat cannot compete with the American packing houses, because there is a difference of at least thirty cents in the cost of shipment. Chicago packing houses have this advantage in turning their stuff over to the old country market.

He does not believe it is possible for any firm to pack successfully and pay more than 11-12 cents a pound for their beef. The farmers in Alberta will not sell for this. They are getting at present 3-4 cents a pound. The packing industry is possible where the pasture will guarantee a certain number of lean cattle which the farmer would be ready to sacrifice for a song. But Alberta grazing land is too nutritious to produce that kind of stuff. Alberta cattle are excellent feeders and their condition is never such as to justify a sacrifice.

Mr. Knight is inclined to think that the live stock is one of the most remunerative lines of freight on the C.P.R. system. The railway gets 90c. a hundred between Calgary and Montreal. The freight on a single trainload is between \$3,000 and \$4,000. There is less expense attached to handling it than any other class of freight, and the rolling stock is always ready for immediate use as soon as it has been drawn up at the terminal stock yards. Between Calgary and Montreal there are only two stops, one at Winnipeg, and the other at Scraper. The security from 12 to 20 hours in each case.

An argument that Mr. Knight advances for live stock shipment is the larger prices offered for the offal in England than in Alberta. In this country is worth about \$5.00. It brings at least \$4 more in England. The value of the by-products of course will depend upon the completeness of the plants. In Chicago the net returns on a single head of stock is about \$12.

Mr. Knight is strongly in favor of legislation that will prevent the railroads of this country from hauling stock for more than 74 hours consecutively. He cites cases where the C.P.R. has hauled cattle for 100 to 150 hours without a stop. Frequently the stock is kept in the cars from 60 to 72 hours. The United States law requires that cattle should be kept in the cars only 24 hours, and at the utmost limit 36 hours. There are cases where the stock-loading yards have no water, and the cattle must go without or be driven several miles in order to be watered. This is true at Aldridge, Brooks, Strathmore and Cochrane. There is work here for a humane society.

"It is the Irish opposition," said Mr. Knight, "that keeps the embargo on our cattle in the English market. The superiority of Irish cattle over ours lies in this, that their are finished when they go to the English market. When the Canadian stock has arrived after a long voyage it is not ready to compete on even terms with the stock of the English stockmen. If the Canadian cattle had time to recuperate they would more than equal much of the other beef on the market."

The west has not yet a monopoly in England. Ireland ships annually 240,000 head of stock to England. The Canadian beef is ranked only fifth in quality, and as conditions are today is excelled by England, Ireland, Scotland and the United States.

Mr. Knight thinks that the quality of the western Canadian stock will improve as the country settles. There will not be the large herds, but the cattle that are raised will be given more attention. The appointment of a fat stock commission is one of Mr. Knight's suggestions for the solution of the farmer's quarrel with the buyers. This man would grade all stock, and the farmer would not sell until his cattle were ready for sale. He would prevent all swindling.

Today the rancher sells for dollars, instead of by weight, and there is a wide field for a practised buyer to hoodwink and deceive.

HOW PIKE FOUND HIS PEAK

On November 23, 1846 Gen. Zebulon Pike and a small party of soldiers arrived at the river forks on the present site of Pueblo. Here they built a breastwork of logs for defense. Then Pike started with three men to make a side-trip to the mountain that has for more than half a century borne his name. A week earlier on their Arkansas route he had seen the Grand Peak when it was more than a hundred miles distant. Its snowy crest had lured him on and now he was determined to try to ascend to the top. But he was woefully deceived as to the distance. He expected to be back in a day or two, but was gone more than five days. He little dreamed of the obstacles in his way. He and his men were ill-clad, having only light summer clothes and they greatly suffered from the cold. They also endured the pangs of hunger and the tortures of thirst, going forty-eight hours without eating. On the third day (November 27) they gained the summit of an intervening peak, Cheyenne Mountain. "Here we found the snow middle deep," Pike writes, "no sign of beast or bird inhabiting this region. The thermometer which stood at 9 degrees above zero at the foot of the mountain, fell to 4 degrees below zero. The summit of the Grand Peak, which was entirely bare of vegetation and covered with snow, now appeared at the distance of fifteen or sixteen miles from us. It was as high again as what we had ascended, and it would have taken a whole day's march to get to its base, when I believe no human being could have ascended to its pinnacle." A few days later he attempted to measure the altitude of the north mountain (Pike's Peak), estimating its elevation to be 18,581 feet. Scientists of our day have taken more accurate observations and found the height to be from 14,108 to 14,147 feet, or nearly three miles above sea level.—Eugene Parsons, in August Reconstructor.

HORSE BROKE THE RECORD.

Cleveland, O., Aug. 3.—The Broncho, 2:02½, owned by E. J. Reichen and Doble of Winnipeg, is the sensation of the light harness world to-day. When she stepped the first heat in 2:03 in the free-for-all race, she broke her own world's record by half a second. When she came back in the second heat, going the mile in 2:03½, breaking the world's record for pacing mares for the first two heats, held by Daniel since 1903 when that good daughter of Alexander paced in 2:03½ and 2:03½ in a race. But the greatest surprise came when Charles Deane, her driver, set her for the world's record and she paced the third heat in 2:02½, not only again breaking the world's record for pacing mares, but also the three fastest heats ever paced in a race by a mare, and the three heats record that has stood for ten years, held by Star Pointer, 1:59½.

For the last ten years the fastest pacers in the world have failed to beat this mark in competition. Anacanda has been famous for pacing the fastest heat, but Coney won the first heat in 2:02, this being made in 1901, and does not stand because Anacanda only won two of the three heats. This makes the Broncho's performance all the more meritorious. Charles Deane, her driver, in each heat was so far ahead of the other starters that it looked like a parade.

Following are the records made by the former champion and the present day wonder:

First Second Third
Heat Heat Heat Ave.
Star Pointer, 2:02½ 2:03½ 2:03½ 2:03½
Broncho ... 2:03 2:03½ 2:02½ 2:03½
Following are the records broken by the Broncho inside of one hour, over the famous Glenville track: Fastest heat for pacing mares, 2:03½; fastest two heats for pacing mares, 2:03, 2:03½; fastest heat for pacing mares, 2:02½; fastest three heats for all sexes, 2:03, 2:03½, 2:02½.

Her new owners never saw her race until she scored for the world to-day. E. J. Reichen, with his partner, John Doble, of Winnipeg, came from Winnipeg to see the race, and when the mare broke the world's record in the first heat for pacing mares, Reichen rushed into the looking shed and hugged her as though she were his own child, kissing her nose twice. Then he came back to the grand stand and received the congratulations of the horsemen. "Yes, I have already been rewarded for the \$20,000 that I paid for that little queen," he said, "I would have paid \$20,000, yes, more, to see her repeat the performance. No, she is not for sale at any price." The remark was made before she came out for the second heat.

MUSKOKA—Novel, graceful, smart. A real comfort collar for hot weather wear. 1 1/2 in. high at back, 3 inches in front. Demand the Brand between point-tips.

W.P.R. LINEN Collars

Made of IRISH linen and sewn specially well to hold shape and give that collar service you'll get only if you Demand the Brand W.P.R. Makers, Berlin, Canada

While the young men of Canada, quickly open to modern ideas, at once adopted the Semi-ready system of tailoring, the older and more conservative men soon became as enthusiastic about it.

Why pay \$30 for a wait-to-order suit when you can get the same material better tailored for \$20? You may see just how its looks made up before you buy. Semi-ready Suits are finished to measure in two hours after the order is booked. Every suit is fashioned to fit some particular physical type.

An Ordinance respecting Agricultural Societies

[Assented to June 19, 1903.]

HE Lieutenant Governor by and with the advice and consent of the Legislative Assembly of the Territories enacts as follows:

SHORT TITLE.

1. This Ordinance may be cited as "The Agricultural Societies Ordinance," 1899, c. 14, s. 1.

INTERPRETATION.

2. In this Ordinance, unless the context otherwise requires—

1. The expression "department" means the Department of Agriculture;
2. The expression "commissioner" means the Commissioner of Agriculture;
3. The expression "society" means any Agricultural Society organized or continued under this Ordinance, 1899, c. 14, s. 2.

OBJECTS OF AGRICULTURAL SOCIETIES.

3. The objects of a society shall be to encourage improvement in agriculture, horticulture, arboriculture, manufactures and the useful arts—

1. By holding meetings for the delivery of lectures and for the discussion of subjects connected with the theory and practice of any of the said industries;
2. By promoting the circulation of agricultural, pastoral, horticultural, arboricultural and mechanical periodicals, and by the formation and maintenance of a reference library on such subjects for the use of its members;
3. By importing and otherwise procuring seeds, plants and animals of new or valuable kinds;
4. By holding exhibitions as hereinafter provided at which prizes may be awarded for—

- (a) Excellence in the raising or introduction of live stock,
- (b) The invention or improvement of agricultural machines or implements,
- (c) The production of grains and all kinds of vegetables, plants, flowers and fruits, home manufactures and works of art; and generally for excellence in any agricultural production or operation;

5. By offering prizes for essays on subjects relating to agriculture, including the prevention of prairie fires and the eradication of noxious weeds;

6. By taking action to eradicate poisonous and noxious weeds and to exterminate such animals as are found to injure or impede agriculture;

7. By carrying on experiments in the growing of crops, the feeding of stock or any other branch of agriculture or by testing any system of farming;

8. By affiliating and co-operating with associations organized to improve live stock or encourage grain growing, dairying, forestry or fruit growing, or promote the study of plant life or the destruction of injurious insects and plants. 1899, c. 14, s. 3.

4. The funds of agricultural societies, howsoever derived, shall not be expended for any objects inconsistent with those authorized by this Ordinance.

2. Such funds shall be deposited from time to time to the credit of the society in a chartered bank or other banking house; and all cheques shall be signed by the president or a vice president and the treasurer or secretary treasurer of the society. 1899, c. 14, s. 18.

EXISTING SOCIETIES CONTINUED.

5. All agricultural societies established and in operation at the time of the coming into force of this Ordinance shall be continued as agricultural societies under and subject to the provisions of this Ordinance and the present officers of such societies shall continue to hold office as such until the next annual meeting of the society. 1899, c. 14, s. 4.

ORGANIZATION OF SOCIETIES.

6. An agricultural society may be formed under the provisions hereof in the following manner:

1. An application in form A in the schedule hereto and containing the information indicated as required thereby shall be signed by not less than fifty persons all being over eighteen years of age and residents of the Territories and not being members of any other agricultural society;

2. Every person signing the said application shall pay at least one dollar as or as part of his first annual subscription to the funds of the proposed society and such moneys shall be paid to and be held by one of the subscribers in trust for the society;

3. The application shall be verified by an affidavit of one of the subscribers in the form appended to said form A;

4. The application so verified shall be transmitted to the commissioner who, if he approves thereof, shall declare the subscribers thereto to be organized into a society under the name of "The _____ Agricultural Society," and shall issue a certificate of such organization in form B in the schedule hereto and thereupon the society shall be deemed to be formed and it shall be a corporation and in addition to its other rights as such it shall have the power to hold real estate necessary for the objects of the society; but any society may, subject to the permission of the commissioner, change its name at any time. 1899, c. 14, s. 5.

7. As soon as practicable after the formation of the society a meeting of the subscribers and of such other persons as may desire to become members thereof, which shall be the first annual meeting of the society, shall be held at the call of such person as the commissioner may nominate for that purpose and at such time and place and with such prior public notice as he may direct. 1899, c. 14, s. 6.

8. A report of the said meeting certified by the president and secretary which shall contain a statement of the number of members and a list of the officers elected and appointed shall be sent by the secretary to the department within one week after the meeting.

MEMBERSHIP.

9. Any person who would have been qualified to sign an application for the formation of a society may become a member thereof at any time on payment to the treasurer of a membership fee of not less than one dollar.

(2) Payment of the said fee shall entitle the person paying it to the privileges of membership for the year for which it is paid.

(3) At the time of payment of his membership fee every member shall give to the treasurer the post office address to

which all notices of meetings and other notices shall be sent.

(4) Subject to the by-laws of the society a firm or an incorporated company may become a member of an society by the payment of the regular fee but the name of one person only shall in any one year be entered as the representative or agent of such firm or company and that person only shall exercise the privileges of membership in the society. 1899, c. 14, s. 8.

SUPERINTENDENT OF FAIRS.

10. The commissioner may from time to time appoint a superintendent of fairs and institutes and such other officers as may be required to carry out the provisions of this Ordinance and may appoint an inspector to examine the books and accounts of any society and may confer on him any or all of the powers which may be conferred on a commissioner appointed under the provisions of An Ordinance respecting Inquiries concerning Public Matters. 1899, c. 14, s. 28.

OFFICERS OF SOCIETY.

11. The officers of the society shall consist of a president and two vice-presidents who shall be *ex-officio* directors and nine, twelve or fifteen additional elected directors as may be determined by the society, a secretary and a treasurer or a secretary-treasurer and two auditors. 1899, c. 14, s. 9; 1900, c. 21, s. 1.

12. The persons qualified to vote for officers or to be elected shall be only those members who have paid their membership fee for the year in which the election is held. 1899, c. 14, s. 22.

13. At the first annual meeting all of the officers except the secretary and the treasurer or the secretary-treasurer shall be elected by ballot. 1899, c. 14, s. 9.

14. The president, vice-presidents, directors and auditors elected at the first or any subsequent annual meeting shall hold office until the next following annual meeting.

15. The board of directors may from time to time appoint a secretary and a treasurer or a secretary treasurer who shall be a director or directors and who shall hold office during pleasure. 1899, c. 14, s. 10.

16. The treasurer or secretary-treasurer of every society before entering upon the duties of his office and within one month after his appointment, shall give such security as the board of directors may deem necessary for the faithful performance of his duties, including the due accounting for and payment over of all moneys which may come into his hands, and it shall be the duty of the directors to inquire into the sufficiency of such security and to report thereon to the department forthwith after its completion.

(2) No grant shall be paid to any society under this Ordinance unless and until the directors shall have reported that the security of the treasurer or secretary-treasurer has been approved by them. 1899, c. 14, s. 17.

17. In the event of an officer of an agricultural society dying or resigning office, or in any other way vacating his office during the period for which he has been elected, the board of directors shall appoint an eligible person to fill the office for the unexpired term of the person so vacating office. 1899, c. 14, s. 15.

(Continued on Page 9.)

The One Right Steel Plate Range

Until we found out just the right way to use asbestos to keep the heat in a cooking range where it must cook the food instead of cooking the cook,—every steel-plate range kept the kitchen broiling-hot. This range is a cool range—the top shield and lining is thick asbestos, so the heat stays inside the range and keeps oven evenly hot. Food is better cooked, quicker cooked and cooked for less fuel-cost.

For Cleanly Cookery OXFORD CHANCELLOR BURNS WOOD OR COAL

Everything about it is cleanly,—empty the ash-pit without fluffing ashes over everything; feed-pouch takes fuel without clutter and muss. Fuel does more cooking because this range has the right draft-control,—sensitive, easily-governed—bring a fire up quick, cool it down quick.

An Ordinance respecting Agricultural Societies. (Continued from Page 8.)

18. If at any time there shall be no officers of a society or if there is an insufficient number of officers and they do not act the commissioner may authorize any person to call a meeting of the society for any purpose or to take such other action as the commissioner may deem proper in the interests of the society. 1899, c. 14, s. 16.

MEETINGS OF SOCIETY.

19. Every agricultural society shall hold an annual meeting within the first ten days of the month of December in each year at such time and place as may be decided on by the board of directors. 1899, c. 14, s. 22.

20. At least two weeks' previous notice of the time and place of holding an annual or other meeting of a society shall be given by the secretary by written or printed notice mailed to each member of the society, and such additional notice as the directors may decide. 1899, c. 14, s. 23.

21. In case any society shall, through any cause, fail to hold its annual meeting within the time appointed the commissioner may appoint a time for holding the same, and the meeting shall be called by the secretary or by some person appointed for that purpose by the commissioner in the same way as the regular annual meeting and this meeting shall in all particulars be taken as the annual meeting of the society. 1899, c. 14, s. 24.

22. The following shall be the order of business at annual meetings of agricultural societies:

- (1) Reading minutes of previous meeting.
- (2) Addresses and reports of officers.
- (3) Reports of committees.
- (4) Unfinished business.
- (5) New business.
- (6) Addresses and discussions.
- (7) Election of officers.
- (8) Adjournment.

23. The board of directors shall at the annual meeting present—

- (a) A report of their proceedings for the year with such remarks and suggestions upon the state of agricultural development in the district as they may see fit to offer.
- (b) A statement showing the name, occupation and post office address of each member with the amount of his subscription to the society for the year opposite the name.
- (c) A detailed statement of the receipts and expenditure of the society for the current financial year certified by the auditors.
- (d) A statement of the assets and liabilities of the society certified by the auditors.
- (e) A statement showing the amount offered and also the amount actually paid in prizes for each kind of live stock, agricultural and domestic products, manufactured articles or other objects respectively and the number of entries in each class.
- (f) A report of each meeting held for the discussion of agricultural subjects giving the names of the speakers, the subjects of their addresses and the number of the persons present.
- (g) A report upon any co-operative agricultural experiments carried out under the instructions of the department during the year. 1899, c. 14, s. 25.

24. Meetings of the society other than the annual meeting may be held at any time that the board of directors may determine.

MEETINGS OF DIRECTORS

25. Directors' meetings shall be held upon written notice mailed by the secretary to each office under instructions from the president, or in his absence, from a vice-president at least ten days before the day appointed for such meeting. 1899, c. 14, s. 14.

QUORUM.

26. Ten members shall constitute a quorum at a meeting of the society and five directors at a meeting of the directors. 1899, c. 14, ss. 7 and 14.

RETURNS.

27. A list of the officers elected at the annual meeting and a copy or summary of each report and statement presented thereat shall be transmitted to the department by the secretary upon the forms provided for the purpose on or before the twenty-third day of December in each year and in case these particulars are not transmitted from any agricultural society within this date it shall not receive any portion of any Territorial legislative grant unless the commissioner is satisfied by the explanations given that such delay was unavoidable or inadvertent in which case he may pay the grant which such society would be entitled to after deducting the sum of five dollars for each week of such delay. 1899, c. 14, s. 26.

BY-LAWS.

28. The members of each society may at an annual meeting or at a special meeting called for that purpose make, alter and repeal by-laws and regulations for the general management of the society and subject to such by-laws the board of directors shall have full power to act for and on behalf of the society and all grants and other funds of the society shall be received and expended under their direction.

(2) A copy of such by-laws and regulations shall be forthwith transmitted by the society to the department. 1899, c. 14, s. 12.

REAL ESTATE.

29. The directors shall not sell, mortgage, lease for over a year or otherwise dispose of any real property owned by the society, unless authorized to do so at a special meeting of the society called for the purpose, of which at least a month's notice shall be given in the manner provided for calling such meetings.

2. The notice calling such special meeting shall state the object for which the meeting is called. 1899, c. 14, s. 13.

EXHIBITIONS.

30. An exhibition may be held by any agricultural society, board of management, or any company organized for the purpose at such time and place as may be decided upon by the directors at a meeting called for that purpose. 1899, c. 14,

s. 19.

31. If a society, board of management or any company organized for the purpose shall propose to hold an exhibition at which prizes are to be awarded the prize list shall be sent to the commissioner at least six weeks before the date upon which the exhibition is to be held. 1899, c. 14, s. 20.

32. Two or more societies may by agreement between their respective boards of directors unite their funds or any portion thereof for the purpose of holding a joint agricultural or live stock exhibition.

(2) In the case of such amalgamation the directors of the said societies or delegates appointed for such purpose by each board of directors shall meet and shall elect from among their number a president and first and second vice-presidents, a secretary-treasurer and at least eight persons who, with the officers so elected, shall be a board of management and shall have the charge and management of the exhibition so to be held.

(3) The directors or delegates and members of the board of management shall at all meetings have the right to vote in person or by proxy.

(4) One or more auditors shall be appointed at the meeting of the directors or delegates to examine and report on the accounts of such board of management and such report shall be presented by the directors of each society taking part in the joint exhibition at the next annual meeting of their society. 1899, c. 14, s. 21.

GRANTS.

33. There may be paid out of any moneys appropriated by the Legislative Assembly for the aid of agricultural societies an amount to be calculated as follows:

1. To each society whose membership is shown to include at least fifty members who have paid their fees up to the date of the annual meeting, which has held during the preceding year at least two meetings as provided in clause 1 of section 3 of this Ordinance, the sum of one dollar for each paid up member up to 150;

2. To each society which has during the preceding year undertaken co-operative agricultural experiments under the direction of the department, filed the returns required and complied with the instructions furnished in connection therewith, the sum of \$5 for each experiment selected and carried out;

FIGHT IN A CHURCH.

(Special to The Bulletin.)
Sault Ste. Marie, Aug. 7.—Mutiny in the ranks of the First Baptist church reached a sensational climax when Rev. C. C. Marshall engaged in a fight in the aisle of the church, striking a member of the congregation in the mouth then leaving the church, followed by hundreds of friends. Charges will be preferred against Marshall and the matter will be taken up by the Upper Peninsula Baptist Association in an effort to drive him from the pulpit.

UNsinkable FREIGHTER PLANNED.

(Special to The Bulletin.)
Duluth, Aug. 7.—A syndicate of lake captains is planning a boat that not only will be the largest freighter on the lakes but will be unsinkable. The size of the vessel is to be 650 feet. Such a vessel would carry 17,000 net tons cargo, and would be the largest exclusively freight carrier in the world. Compressed air is to be used to make the vessel unsinkable. This would make necessary a double hull. The cost of the vessel would be \$600,000.

POLICE QUIETED BROTHERHOOD TROUBLE.

(Special to The Bulletin.)
Chicago, Aug. 7.—Riot and bloodshed ended the first day's meeting of the fourth annual convention of International Brotherhood of Teamsters, who began sessions this morning with Cornelius Sica, president in the chair. Disorder came when Patrick McMahon, a delegate known to be opposed to present his credentials. Several of Shea's men seized him and instantly a general melee was on. The police were notified and Lieut. O'Toole with 20 men rushed over and after the free use of batons quelled the fighting mob. President Sica immediately adjourned the meeting. None were seriously hurt. Two hundred and fifty delegates attended. The report of progress shows an increase of from forty-six thousand a year ago to fifty-eight thousand members.

HERDER SHOT HIMSELF.

(Special to The Bulletin.)
Elkhorn, Neb., Aug. 7.—Martin Almond, son of George Almond, while herding cattle on the farm this afternoon accidentally shot himself in the abdomen with a rifle, while striking a dog with the butt end. After the shooting he rode into town, a distance of a quarter of a mile and dropped off his horse while nearing the doctor's office. The wound will prove fatal.

BALL SCORES.

(Special to The Bulletin.)
Winnipeg, Aug. 7.—Deluth 7, Fargo 4; Lake Linden 7, Calumet 3.

BUFFALO RECORD BROKEN.

(Special to The Bulletin.)
Buffalo, Aug. 7.—In the first race of the Grand Circuit meeting here today, on a fast track, Angiola, trotted the first heat of the 2:07 trot in 2:06 1/2, making a new record. Main Sheet, favorite, won the next two heats, however. Eva Hale defeated Princess Direct in a match race, half mile heats, for 2 year old pacers.

CYCLONE STRUCK A SHOW.

(Special to The Bulletin.)
Harrisburg, Pa., Aug. 6.—Pawnee Bill's West show was this afternoon struck by a terrific lightning storm for the second time within two weeks. At Bayonne, N.J., on July 24, during a heavy storm the main tent collapsed and a number of women were injured. Two persons were killed this afternoon. The big exhibition tent stood up in spite of heavy buffeting. A Japanese acrobat was struck by lightning and killed. The storm blew down a smaller tent and the falling tent pole struck a tent man fatally injuring him. Two horses were killed by lightning. Chas. Richwine had a lemonade stand under a tree outside the grounds. Lightning struck the tree and killed Richwine. The police and circus people prevented a panic among the audience.

FOURTEEN DEATHS FROM HEAT.

(Special to The Bulletin.)
New York, Aug. 6.—Fourteen deaths and sixty prostrations was the result of the hottest day of the summer in this city today. At two o'clock the mercury in street thermometers registered 105. Business was practically suspended. Residents who could get away rushed to the seashore. The mercury tonight registers 95 with the air stagnant. Suffering in tenement districts is indescribable.

EDMONTON MAN WED.

Toronto Saturday Night: At Fairmount Villa, Palmer, the beautiful home of Mr. and Mrs. William Flood, a very pretty wedding took place, when their daughter, Miss Anita Marie Flood, and Mr. Abram E. Carnegie, son of Mr. and Mrs. James Carnegie, of Port Per-

ry, were married. The ceremony was performed at the end of the spacious music-room, through which the wedding party proceeded, the organ strains of the Lohengrin wedding march, played by Miss Haastmaier, floating in through a mass of ferns and flowers. They stood under a large arch of ferns and flowers, suspended from which was the conventional floral wedding bell. The Rev. Father Kelly officiated. Miss Kathleen Flood sang very beautifully the exquisite "Ave Maria," by Luzzi. The bride's gown was of Limerick lace with an under-gown of chiffon over taffeta, and it suited her dark beauty admirably; she carried a shower bouquet of lilies of the valley and sweet peas. Her maids, Miss Kathleen Flood and Miss Anna Carnegie, wore dainty pale blue embroidered chiffon gowns, with high Dresden girdles, and a rich profusion of dainty lace. Forget-me-not coronets and ahearts of pink roses completed their costumes. The tiny flower girls, Miss North Winnett and Miss Phyllis Carrell, wore dainty pictures in embroidered frocks, with wreaths and baskets of sweet peas. Mr. Wagar of Edmonton, was best man. Mrs. Flood was an admirable hostess, and looked very handsome in a graceful lilac gown with a quantity of rich lace, and diamond ornaments. Mrs. Carnegie, mother of the groom, wore a soft black gown, relieved by touches of rich lace. The breakfast was served on the terrace lawn, the quiet Sauguen river and spreading old trees forming a beautiful setting for the bright gowns of the wedding party and guests. The bride travelled in a white cloth suit, with smart touches of blue velvet. Mr. and Mrs. Carnegie sailed for Europe, where they will remain for some months.

TENDERS FOR THE CONSTRUCTION OF A WIRE FENCE AROUND ELK PARK, NORTHEAST OF EDMONTON, ALBERTA.

TENDERS addressed to the undersigned and marked "Tenders for Wire Fence" will be received by the Department of the Interior up to noon of Monday, August 27th, 1906 for the construction of a wire fence around Elk Park, situated about twenty-five miles northeast of Edmonton, in Township 54, Range 19 and 20, west of the 4th Meridian. The length of fence is estimated at sixteen miles, but the Department reserves the right to extend or lessen the mileage should it be found necessary. Final payment to be based on the exact measurement of the fence erected. Separate tender may be made for the clearing of lines, supplying posts or planting of the fence, wiring, etc., or for the entire work. The work must be completed not later than November 1st of present year. Each tender must be accompanied by an accepted cheque on a chartered Canadian Bank in favor of the Deputy Minister of the Interior, for ten per cent of the amount of the tender. The cheque will be forfeited if the party tendering declines the contract or fails to complete the work contracted for, but will be returned in case the tender is not accepted. Further particulars may be obtained of the Secretary of the Department the Interior or of any Dominion Lands Agent in Western Canada. The Department does not bind itself to accept the lowest or any tender. By order,
FERLEY G. KEYES, Secretary.
Unauthorized publication of this advertisement will not be paid for.
Ottawa, 24th July, 1906.
